Footnotes and Additional Instructions:

1. The purpose of this form is to provide a standard format by which the offeror submits to NREL a summary of estimated costs (and attached supporting information) suitable detailed review and analysis. Prior to the award of a contractual instrument resulting from this proposal, the Offeror shall, under the conditions stated in FAR 15.804 be required to submit a certificate of Current Cost or Pricing Data.
2. In addition to the specific information required by this form, the Offeror is expected, in good faith, to incorporate in and submit with this form any additional data, supporting schedules, or substantiation which are reasonably required for the conduct of an appropriate review and analysis in the light of the specific facts of this procurement. For effective negotiations, it is essential that there be a clear understanding of: (a) the existing verifiable data, (b) the judgmental factors applied in projecting from known data to the estimate and (c) the contingencies used by the offeror in his proposed amount. In short, the Offeror's estimating process itself needs to be disclosed.
3. When attachment(s) of supporting cost or pricing data to this form is impracticable, the data will be described (with schedules as appropriate), and the supporting cost or pricing data shall be made available to NREL or its representative upon request. The Offeror is cautioned to include the supporting documentation requested in the solicitation document whenever feasible since this is the minimum documentation that will be required.
4. The formats for the "Cost Elements" and the "Proposed Subcontract Estimate" are not intended as rigid requirements. These may be presented in different format with the prior approval of the Subcontract Administrator if required for more effective and efficient presentation. In all other respects this form will be completed and submitted without modification.
5. By submission of this proposal the Offeror grants to NREL and its authorized representatives, the right to examine, for the purpose of verifying the cost or pricing data submitted, those books, records, documents and other supporting data which will permit adequate evaluation of such cost or pricing data, along with the computations and projections therein. This right may be exercised in connection with any negotiations prior to award of a contractual instrument.
